Re: Recommendation for Bud Johnson Enterprises Ltd.

To Whom it May Concern

As the Property and Fleet Manager for Community Living Society (CLS), I have worked closely with Bud Johnson, who CLS hires as an independent contractor, to complete numerous repair and maintenance projects for CLS properties. In the time that I have known Bud, he has worked on a wide range of projects including large scale kitchen and bathroom renovations to all types of structural repairs associated with the operational needs of residential care facilities, semi-independent living condominiums, and leased office spaces.

CLS has relied heavily on Bud's services since 2010 as he has distinguished himself as a dependable and trustworthy contractor with a highly diverse set of skills. He consistently demonstrates a level of professionalism that is hard to find as he takes pride in familiarizing himself with the current best practices for any projects he takes on and stands behind the quality of his work. It is also notable that Bud effortlessly manages to maintain a positive working relationship with the hundreds of CLS employees and supported individuals that he encounters at CLS properties. In all my years with CLS, I never heard a complaint about Bud despite the inherently disruptive nature that renovations and repairs can have. This alone is testimony of how accommodating and professional Bud is with his work.

I have written this recommendation for Bud Johnson as I am grateful for all his work and contributions to CLS and feel confident that he would be a valuable asset for any project he is willing to accept.

Sincerely,

Alan James BA, BSW, MLIS
